FOR: REGULATION OF bcl-2 GENE EXPRESSION

**TERMINAL DISCLAIMER**

ASSISTANT COMMISSIONER FOR PATENTS  
WASHINGTON, D.C. 20231

SIR:

Now comes the undersigned, Attorney of Record in the present application, who avers as follows:

UNIVERSITY OF PENNSYLVANIA is the owner of the entire right, title and interest in and to the invention claimed and disclosed in the above-captioned patent application by virtue of assignment

UNIVERSITY OF PENNSYLVANIA hereby disclaims the terminal part of any patent granted on the above-captioned application, which would extend beyond the expiration date of the full statutory term as presently shortened by any terminal disclaimer of U.S. Patent No. 5,831,066, and hereby agrees that any patent so granted on said above-captioned application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to U.S. Patent No. 5,831,066, this agreement to run with any patent granted on the above-captioned application and to be binding upon the grantee, its successors or assigns.

UNIVERSITY OF PENNSYLVANIA does not disclaim any terminal part of any patent granted on the above-captioned application that would extend to the full statutory term as presently shortened by any terminal disclaimer of U.S. Patent No. 5,831,066 in the event that any said issued patent later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. 1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to the expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

Respectfully Submitted,

LONG ALDRIDGE NORMAN LLP
